

*Genealogical Services
Request Form & General Information*

Franklin County Historical Society – Kittoctinny offers an extensive genealogy library at the Old Jail. There is a \$5 a day charge for non-members to use the research facilities. Members of FCHS-K may still do research without charge.

Research services are also available. We have instituted a program to answer in-house research inquiries for a fee, payable in advance. Payment may be made by check, PayPal, or by calling 717-264-1667 with a credit card. The search is limited to one name at a fee of \$30 an hour (five sources searched and up to ten copies reproduced/equal to one hour). Additional copies are reproduced at a cost of \$.25 a page. Upon receipt of the following form and payment, we will search the sources you have indicated.

Names of professional researchers can be found on the Genealogical Researchers page. Those researchers can extend the search to courthouse records for deeds/wills/Orphans Court records from 1784, marriage records after 1885, and other sources agreed upon.
